

Sens Technology

Terms & Conduction For Aerial Photogrammetry/Video/360/Photography/Mapping.

1. Travelling, Accommodations and any other expenses during our services will be provided by the client.

❖ One Dedicated vehicle will be provided which will be used by our staff and it should be available all the time till shoot has been completed. (in case power generator is not available then this car has to be on all the time as it will be used for charging battery)

❖ One Hotel room will be provided separately for Pilot and our equipment which will be not shared by any one and one room will be provided for our other staff.

2. Pre-shoot consultations. If required may be subject to additional costs. The UAV Operator shall not be responsible for Imagery not taken as a result of the Client's failure to provide reasonable assistance and cooperation. The Client agrees work performed is on a best efforts basis in the capturing the Imagery.

3. Images. The UAV operator will endeavor to capture the Imagery as requested by the Client, providing there is sufficient time for the UAV operator to stage and execute the shoot and that there is no risk of any damage to property or any safety concerns for the public or spectators. The UAV operator has the right to refuse any unsafe or unlawful UAV flying operations.

4. Booking Deposit A 75% deposit is due at the time of making the booking. The remaining 25% will be required before any Imagery files will be released to the Client.

5. Cancellations. Booking deposits are non-refundable if the Client no-longer proceeds with the scheduled, confirmed work. The Clients original date can be changed (for that particular job) at no additional cost, providing that the day is available for the UAV operator.

6. Equipment can malfunction or become damaged at any time. In the event that equipment malfunctions or otherwise becomes damaged at the time of the aerial work, the Client agrees to provide full payment of the hours worked until the time of the equipment malfunction or has become damaged. The remaining time not worked will be refunded in full and Imagery taken up until that time will be supplied to the client.

7. Poor Weather Conditions. The UAV Operator or the Client may request rescheduling of the Imagery in the event of poor weather that only includes rain or high unsafe wind conditions up to 24 hours prior to the scheduled work, cloudy conditions do not include poor weather. On the day of the event if poor weather exists, the UAV Operator will contact you in advance. If contacted by telephone or email, or upon arriving at the shooting location and it is determined that weather is beyond the UAV's safe working parameters, the UAV Operator may cancel or reschedule

8. Client Permissions. The client must obtain the relevant permissions for certain UAV operations to take place. This permission is often required for locations like parks, major landmarks or private property and Local government authority's it is very similar to the usual requirements for the undertaking of normal filming or photography.

9. Client will acquire written permission in advance from local authority and government body to fly drone.

10. We will be not responsible for taking any kind of local permission from local or government body.

11. The UAV Operator is solely contracted to Client and therefore the Client must understand these Terms and Conditions before accepting any quotations by UAV Operator.

We cannot accept any liability in respect of injury, loss or damage however caused, unless it is by act or omission of our company employees. Our liability for affiliate to provide the service promised is limited to the value of the booking in all cases. Sens Technology accepts no liability for events caused as a result of acts of God, Governments, hostilities of war, political unrest, riot, civil strife, industrial dispute, natural or nuclear disaster, fire, theft, epidemics quarantine, medical or customs regulations, technical or administrative problems with transport, closure of airports, breakdowns with machines and equipment, adverse weather conditions, water shortages or any other circumstances outside of our control and could not have been avoided even with all due care. We are unable to accept any liability for any delay, transportation to and from your location.

All information provided to Sens Technology will remain confidential and used only for client purposes.

Usage rights/licenses are not valid until payment is received in full. Ownership and reproduction rights of the photographs and/or video footage remain with Sens Technology unless otherwise specified within a separate contract. We reserve the right to use any photograph and/or video footage for personal promotion in any medium chosen. Payment for services rendered by Sens Technology constitutes acceptance of all terms outlined herewith.

Photography is referred to as Imagery
